Dear Richard,

Proposed Long Term Licence for Zip Mail Limited

Postwatch welcomes proposals to issue licences to postal operators in order to provide new and innovative postal services for the benefit of all customers. We share your opinion that to grant Zip Mail Limited a long-term licence should further the interest of postal service users by promoting competition between postal operators.

We therefore have no objections to this proposal and agree that it should have no appreciable adverse effect on the provision of a universal service in the United Kingdom.

Yours sincerely
